

36876 to 87084—Continued.

- 36879 to 36896.** From Keikido Ken, Chosen, through the Bureau of Industry, Government General, Keijo, Chosen, March 10, 1930.
- 36879.** No. 4401. *Chantapaku*. A medium-sized, oval, deep glossy yellow bean with pale hilum.
- 36880.** No. 4402. *Rensen chame* (Rensen browneye). Medium-sized, oval, light-yellow bean with brown hilum.
- 36881.** No. 4403. *Oribikon*. Large, oval, glossy yellow beans with the testa split on nearly all of them; hilum very light brown.
- 36882.** No. 4404. *Bote*. A medium-sized, oval, light-yellow bean with brown hilum.
- 36883.** No. 4405. *Tansen*. A medium-sized, oval, glossy, yellow bean with pale hilum.
- 36884.** No. 4406. *Purutekon*. A medium-sized, nearly round, deep glossy green bean with brown hilum and green germ.
- 36885.** No. 4407. *Purutekon*. A medium-large, oval, yellowish-green bean with pale hilum and yellow germ.
- 36886.** No. 4408. *Teizokon*. A medium-large, oval, dark-brown bean.
- 36887.** No. 4409. *Komujonkon*. A medium-sized, oval, much-flattened, glossy, black bean with yellow germ.
- 36888.** No. 4410. *Menukon* (hawk eye). A medium-sized oval, slightly flattened, brown bean marked with concentric black rings.
- 36889.** No. 4411. *Pimazokon*. A large, oval, slightly flattened, black bean with fine network of white on the sides and a yellow germ.
- 36890.** No. 4412. *Senbikon* (saddle). A medium-large, much flattened, yellowish-green bean with black saddle and green germ.
- 36891.** No. 4413. *Orabikon* (black-eye). A medium-sized, oval, glossy yellow bean with slate-black hilum.
- 36892.** No. 4414. *Purukomukon*. A medium-large, oval, glossy, bluish-green bean with pale hilum.
- 36893.** No. 4415. *Chukon* (white mouth). A small, round, yellow bean with brown hilum; it should be an excellent variety for sprouts.
- 36894.** No. 4416. *Chukon*. Medium-small, oval, glossy, black bean very similar to *Ebony* (No. 17254).
- 36895.** No. 4417. *Chukon* (green mouth). A medium-small, nearly round, glossy, green bean with light-brown hilum; it may be of value for sprouts.
- 36896.** No. 4418. *Chukon* (black-green mouth). A small, round, glossy, bluish-green bean with black hilum and yellow germ.
- 36897 to 86916.** From Chusei Hokudo, Chosen, through the Bureau of Industry, Government General, Keijo, March 10, 1930.
- 36897.** No. 4419. *Jirumukon*. A medium-small, nearly round bean with

36876 to 87084—Continued.

- a pale hilum; may be of value for sprouts.
- 86898.** No. 4420. *Hintangukon*. A medium sized, oval, yellow bean with russet-brown hilum.
- 86899.** No. 4421. *Chachuto*. A medium-small, nearly round, brown bean.
- 86900.** No. 4422. *Kimenta*. A medium-sized, oval, glossy, deep-yellow bean, slightly mottled with brown; hilum large and dark brown.
- 86901.** No. 4423. *Azukuribangukon*. A medium-large, oval, slightly flattened brown bean with the testa split into fine network of white on the sides.
- 86902.** No. 4424. *Burukunbankon*. A medium-sized, oval, yellowish-brown bean.
- 86903.** No. 4425. *Pakumeta* (white eye). A medium-sized oval, glossy, yellow bean with pale hilum.
- 86904.** No. 4426. *Fukota*. A medium-large, oval, glossy, yellow bean with large brown hilum.
- 86905.** No. 4427. *Pizu*. A medium small, nearly round, dark-brown bean.
- 86906.** No. 4428. *Chumokute*. A very small, round, glossy, black bean with yellow germ.
- 86907.** No. 4429. *Chongukon*. A large, oval, slightly flattened, yellowish-green bean, mottled with black; hilum black.
- 86908.** No. 4430. *Kujongumurukon*. A medium-large, oval, bluish-green bean with blue-black hilum.
- 86909.** No. 4431. *Purukon*. A large, oval, green bean with brown hilum and green germ.
- 86910.** No. 4432. *Jongukurukon*. A medium-small, oval, slightly flattened, green bean with brown hilum and yellow germ.
- 86911.** No. 4433. *Jindarinkon*. A medium-small, oval, black bean, very similar to *Ebony* (No. 17254).
- 86912.** No. 4434. *Chorante*. A medium-sized, oval, slightly flattened brown bean marked with concentric black rings. Very similar to *Meyer* (No. 17852).
- 86913.** No. 4435. *Komubangukon*. A medium-sized, oval, slightly flattened, glossy black bean with yellow germ.
- 86914.** No. 4436. *Judaizu*. A medium-large, oval, green bean slightly mottled with brown; hilum brown; testa more or less split.
- 86915.** No. 4437. *Chuhokuhoku*. A large, oval yellow bean with russet-brown hilum.
- 86916.** No. 4438. *Chuhokuko*. A medium-sized, oval, glossy, deep-yellow bean with pale hilum.
- 86917 to 86923.** From Zenra Nando, Chosen, through the Bureau of Industry, Government General, Keijo, March 10, 1930.
- 86917.** No. 4439. *Purukon*. A medium-sized, oval, olive-green bean mottled with black.
